## WORK EXPERIENCE

01.05.22 -

### L&T YMPÄRISTÖPALVELUT OY

Internship as a data analyst. I worked on projects that included the following topics:

- Market share analysis
- Dynamic waste management opportunities
- Customer contact analysis
- Customer experience analysis
- Smaller projects related to data analysis

12.04.21 -  
30.04.22

### L&T YMPÄRISTÖPALVELUT OY

Summer 2021 as a full time employee and academic year 21-22 as a part-time employee. I worked as a sales-oriented B2B-customer advisor in the customer interface. The job included a lot of co-operation with sales team and production foremen. I learned to use various different software and got a comprehensive overview of the business processes.

1.4 - 14.08.20

### SIIVOUSLIKE NYBERG OY

Summer worker at the VRP construction services site. I assisted construction workers and cleared construction waste. During my employment, I learned a lot about project-quality work.

2017 - 2019

### KOTIPIZZA MUURAME

A part-time/full-time employee during high school. The job gave me my first touch with customer service and taught me a lot about teamwork, increasing sales, and the importance of employee flexibility.
